

8 Slide IDs at 7 minutes each:

For each individual slide you should identify and discuss the object or monument, commenting on:

what it is (type of object)

date and time period

material, techniques used

location or findspot

size, if relevant

function and/or subject matter

how it is representative of a style, time period, cultural

phenomenon

religious, social, or political significance

Give as full an answer as possible, discussing not only the object, but also using it as a springboard to discuss issues mentioned above. You may write in telegraphic phrases rather than full sentences, but make sure that your meaning is clear.
